After having considered the comments received as the result of publication, the authorized officer may classify the lands any time after the expiration of 60 days following the publication of the proposed classification in the FEDERAL REGISTER. The authorized officer shall publicize the classification in the same manner as the proposed classification was publicized, indicating in the notice the differences, if any, between the proposed classification and the classification.

However, publication will not alter the applicability of the public land laws governing the use of the lands under lease, license, or permit, or governing the disposal of their mineral and vegetative resources, other than under the mining laws.
